2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

3. New corrected drawings in compliance with 37 CFR 1.84 and 1.121(d) are required in this application because applicants present drawings are informal and include many hand-written identifiers (*e.g. two examples are the elements listed in Figures 1 – 13 and Prior Art labels of 12 and 13*). In addition, the Examiner notes that the margin requirements may not be met on all Drawing Sheets (*e.g. top margin of Drawing Sheet 7*). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
